

CROWNED CRANE

Use a square of paper a different color on each side (duo-color, kami, or cut from a magazine or catalogue) so crane will be one color and crown will be the other. (if paper is thick, eliminate step 3a)

Crowned crane, p2

10

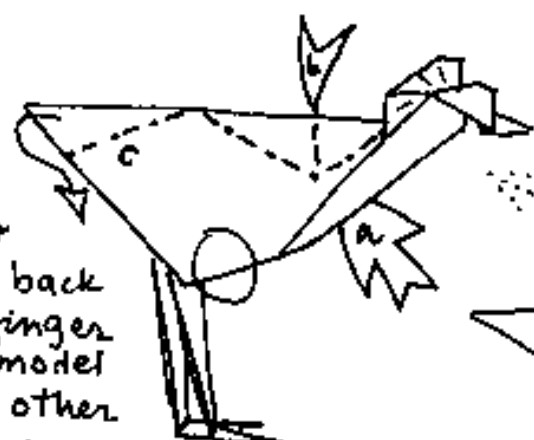

- a) Pre-crease.
- b) M+F while folding a's creases into an ORF.

11

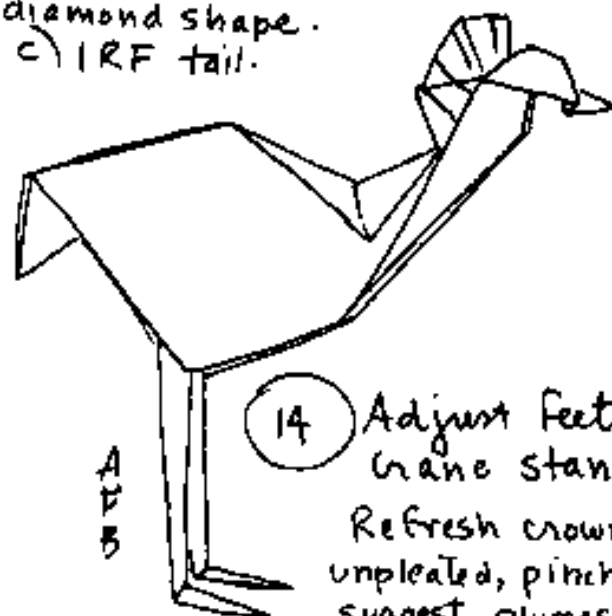

- a) ORF.
- b) Foot fold both feet.

- 13 Push thumb into model at a + press down on back (b) with forefinger while holding model at circle with other hand. Indent a diamond shape.
- c) IRF tail.

12

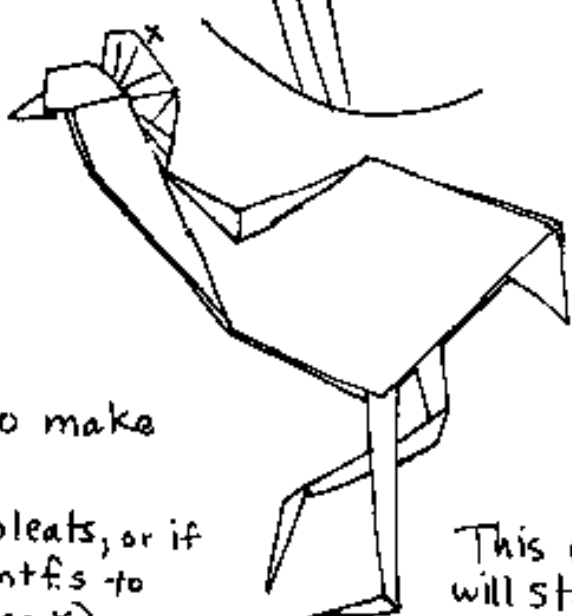

- Crimp beak.

14

- Adjust feet to make crane stand.

Refresh crown pleats, or if unpleated, pinch mtfs to suggest plumes (as X).

This crane will stand, too.
