

The Fat Controller / Sir Topham Hatt

Model inspired by The Fat Controller, a character from Rev Awdry's best selling children's storybooks, Thomas the Tank Engine, popularised in so many books, films, mugs, T-shirts and anything else that a fast buck can made out of!

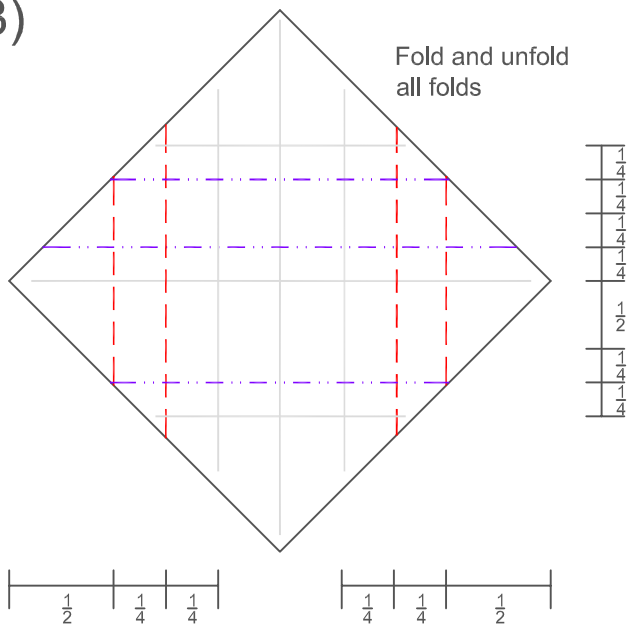

If using the coloured paper (template provided on my website), then use the face and jacket/hands side up to start off with, with the face at the top of the piece of paper as you begin to fold

The Fat Controller / Sir Topham Hatt

The Fat Controller / Sir Topham Hatt (cont)

4)

Note
Diagrams 6 - 13 have been
magnified by 150%

5)

Lift flap up thru 90° towards yourself. The odd angled folds form themselves as the flap is folded up.

The Fat Controller / Sir Topham Hatt (cont)

8)

Pull flap down so that eventually it will become the stand that allows the model to prop itself up

9)

Form rabbits ear

Perform folds on hands/jacket in sequence from left to right

10)

Squash in tip of hand

Keep on folding hands/jacket in sequence

11)

Fold all folds to head behind model

Sequence of folds on arms ends

12)

Fold all folds to head behind model

13)

The Fat Controller / Sir Topham Hatt (cont)

Hat

Use paper coloured black both sides

1)

2)

3)

3)

4)

Slip Fat Controller's head into
flap at base of hat

Voila!

Draw on faxe and jacket buttons.
OK, so the arms/hands aren't brilliant,
but hey if you wanna complain, then
complain to The Fat Controller. Got
the message!

Completed origami model

Fat Controller in the flesh!
