b) Re-folding step 9.

11 VF.

12 VF - note fold extends under near layer. Repeat on right, to match. (Lift tail out of the way.)

13 VF near layer + turn over.

14 a) Pleat.
b) Mt F into model.

15 Shape head:
Mountain-fold on 3 sides while pinching ears.

16 Spread lower edges so cat can stand, or rather, sit up.

Variations - model can be made into a resting cat, or a cat standing, with back arched (has a cut for tail.)
