Start with a 6" square of foil paper.  
Cut it into four equal strips of  $1\frac{1}{2}" \times 6"$ .  
Set aside two of them.

① Pinch the half on each short side. VF long sides to the pinches.

② Fold a second strip the same way + insert one into the other.

③ Pre-crease in half. Pre-crease  $\frac{1}{4}$ s and  $\frac{1}{8}$ s.

⑤ Pleat 7x (about  $\frac{5}{16}"$  deep)

⑩ VF + repeat 7-10 at left + on all pleats.

⑨ VF using step 8 to form a squish fold.

⑧ a) Pre-crease, bisecting angle, + b) return flap to former position.

⑦ More enlarged view of lowest section. Lift flap.

⑥ Enlarged view of lower half.
