Start with a square folded or cut in half to yield a 2x1 rectangle. Folding yields a clam same color inside & out; cutting yields a clam different inside and out.

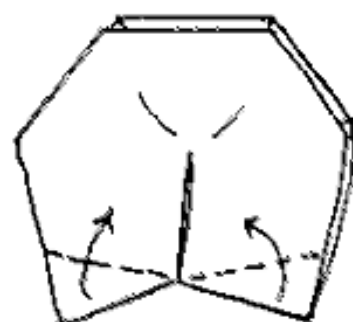

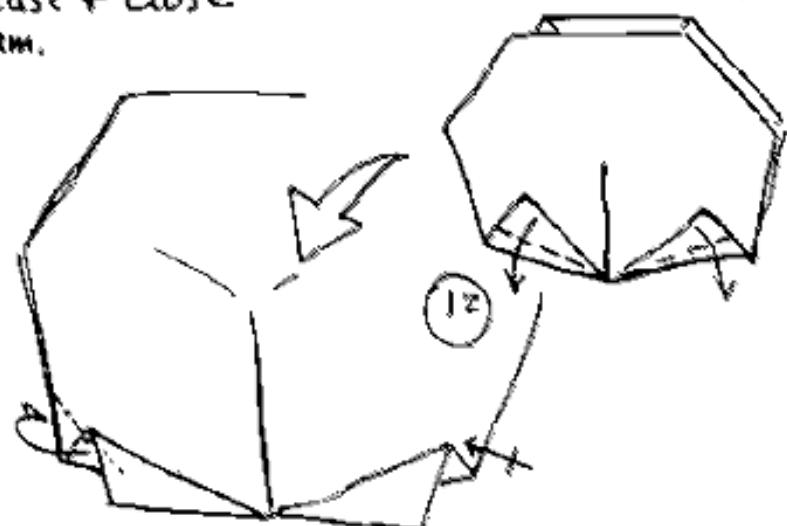

9 VF + T.O.

10 Pinch up horizontal crease + close clam.

12 Fold corner back to lock shape. R. on right.

13 Clam complete. To make clam clap its shell, hold model in one hand and squeeze at *s with the other.

This model looks nice in a half square (2x1 of duo-color paper. Regular Kami results in a white interior.
