

Dump Truck

Start with a 4 x 1 rectangle, color side down.

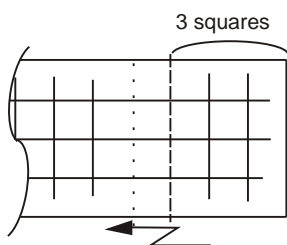

1

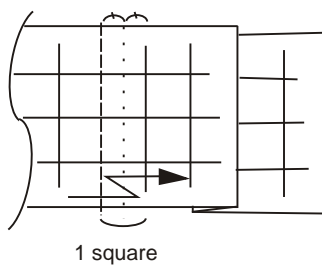

Fold each quadrant into fourths both ways.
This will make a 16 x 4 creased rectangle.

Tuck flap in to secure the 'dump' box
Turn the model over

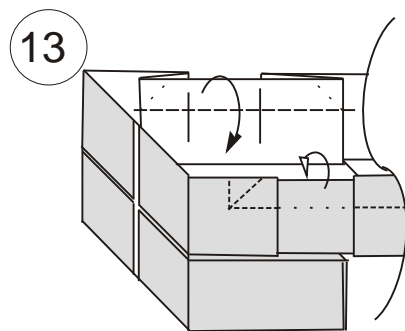

Lift the sides up to form a
box, like in Step 9

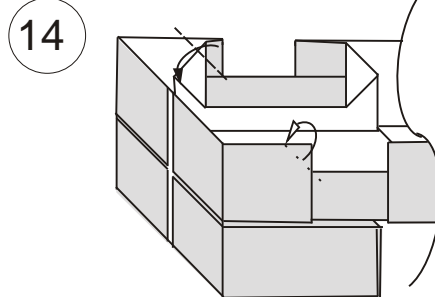

Close up of the
back end.

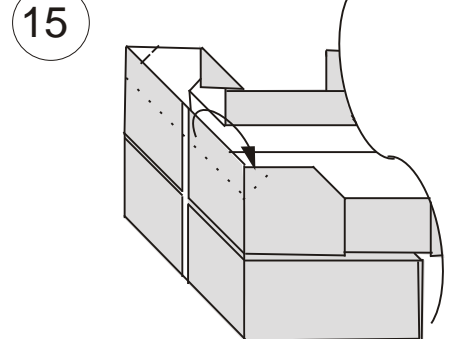

Fold each corner in toward the center.
Flatten them strongly. This helps keep
the back from unfolding.

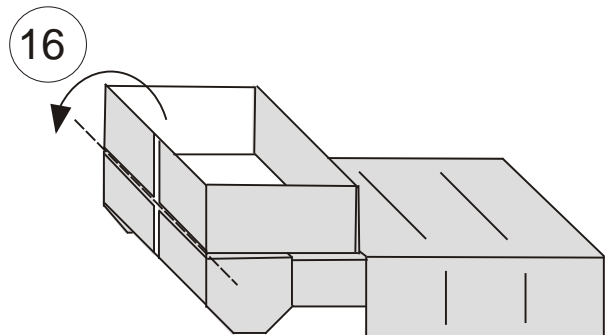

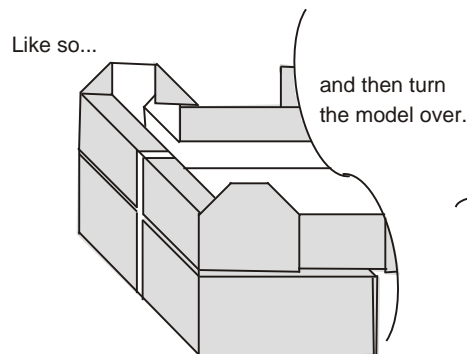

Fold top 1/3 of flap inside, squashing
the ends flat. Repeat on far side.

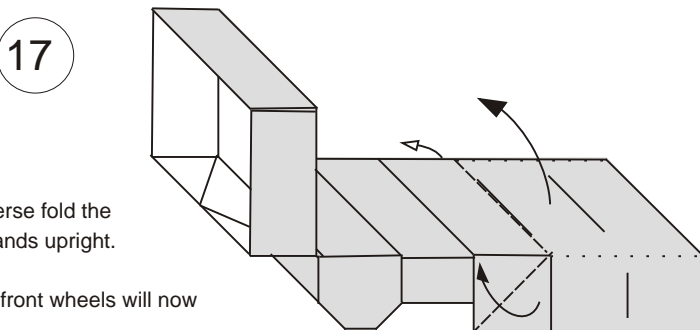

Fold the corners inside to round
out part of the back wheels.

Round out the back wheels by folding
the left edge 90 degrees into the middle
of the model.
This will not lie flat.

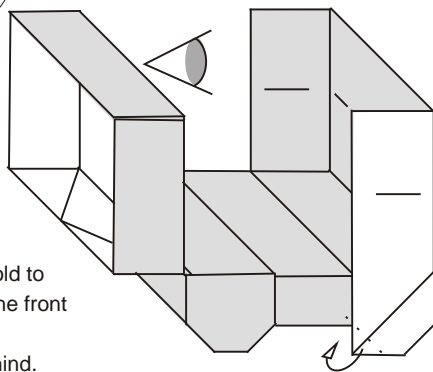

Fold back and forth repeatedly.
This is the hinge for the dump truck.

Outside Reverse fold the
front so it stands upright.

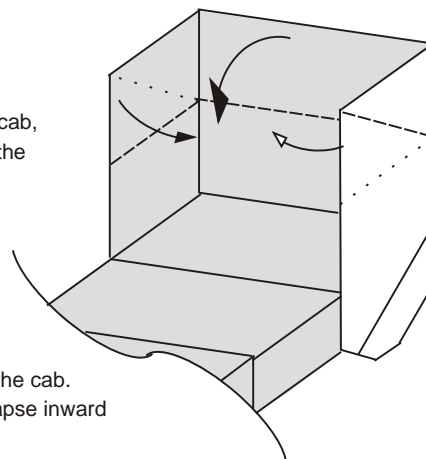

The cab and front wheels will now
be white.

18

Mountain fold to round out the front Wheel.
Repeat behind.

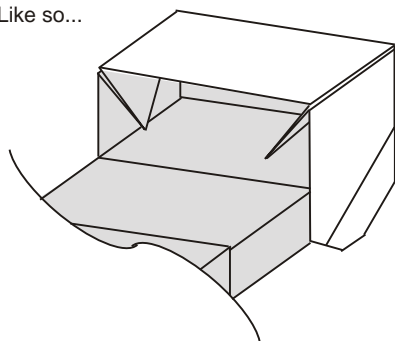

19

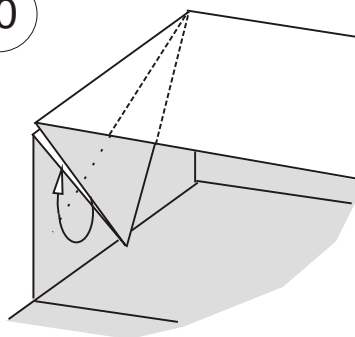

Inside of the cab,
viewed from the
back.

Valley fold the top
row down to form the cab.
The sides will collapse inward
into little triangles.

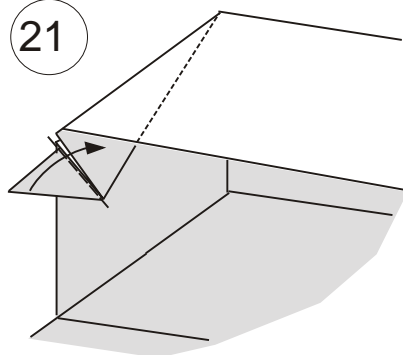

Like so...

This will help hold the shape of the cab.

Repeat steps 20 and 21 on the other
side.

Crumple some paper to
make rocks, and then
haul 'em away!!
